TECHNOLOGIES AND SOCIOECONOMIC AND CULTURAL DYNAMICS IN MAURITANIA AND NIGER

December 17th, 2025 - 3.30 pm
Aula Elena Cornaro, Ca' Bembo

This study session focuses on analyzing the socioeconomic and cultural dynamics in Mauritania and Niger, with particular attention to the impact of new technologies on daily life. It will examine the meaning of having access to technological tools in the fields of education, work, commerce, and literature. How technologies such as artificial intelligence, electronic devices, or mobile phones are transforming the social, economic, and cultural contexts in these two countries?

This conference is organized as part of the Erasmus+ Capacity Building project GOOD MAUR-NIG, dedicated to developing internationalization in Mauritania and Niger.

Institutional Greetings

Prof. **Francesco Vacchiano**, Delegate for International Cooperation

Moderator of the conference

Prof. **Barbara De Poli**

Speakers

Mohamed Abdel Ouedoud Abghache (Université de Nouakchott Al-Aasriya), *Hybrid Translation: Towards Human-AI Synergy*

Kokou Henri Motcho (Université Abdou Moumouni de Niamey), *Usage du téléphone portable (téléphone, mobile money, plateformes numériques et réseaux) dans les échanges commerciaux dans les marchés de Niamey*
