Description

The Department of *Economics* at Università Ca' Foscari Venezia invites applications for a fellowship in:

- **Title:**

***Support to the data collection and analysis on the economic, health and social situation of the Veneto Region under the collaboration between the University of Ca' Foscari and the Regional Council of the Veneto Region* .**

- **Academic Discipline or disciplines specifically identified by the call** SECS-S/05
- **scientific coordinator and tutor:** Prof. Stefano Campostrini
- **duration:** 12 months

abstract:

The following are the required activities

- a) Data collection, analysis, research and processing in subjects relevant to the activities of the Regional Council, from a multidisciplinary perspective.

This will involve:

- a1: working closely with the SARI to identify the data collection needs of the Regional Council;
- a2: analysis of existing databases on the selected subjects;
- a3: summary of the collected data in easily readable formats;
- a4: periodical reporting on the selected subjects.

- b) Proposal of an "indicators mix" taking into account all the different areas of the Veneto Region society, which must be shared, validated, updated and, where possible, providing a local level of detail;

This will involve:

- b1: identifying some area indicators, which are coherent with the objectives of the Regional Council and the databases available;

- b2: analysing the optimal solutions to shift from descriptive indicators to evaluative indicators (calculation algorithm)
- b3: identifying possible aggregation systems of basic indicators into complex indicators;
- b4: launch of the evaluation panel;
- b5: writing a summary report to support the presentation of the results.
- c) Support in the organisation of discussions on the research conducted, also through specific techniques of meetings management;

This will involve:

- c1: operational organisation of the meetings in close cooperation with the SARI;
 - c2: support in the management of the meetings;
 - c3: reporting on what discussed during the meetings.
- D) Support in potential additional analysis through varied research methodologies.

This will involve:

- d1: potential identification of additional in depth analysis;
- d2: data collection in the subjects identified;
- d3: data analysis and processing
