**Description**

The Department of Linguistic and Comparative Cultural studies at Università Ca' Foscari Venezia invites applications for a fellowship in:

Title: Implementing the expressive empowerment of foreign pupils through visual-photographic languages: the "Guarda ... mi racconto" project.

Scientific area: L-LIN/02, M-PED/04

**Abstract:**

The educational and glottodidactic research project aims to develop verbal and non-verbal tools and strategies to stimulate personal reflection, self-narration and the sharing of experiences and emotions in students of different ages, origins and cultures, through multi-modal, visual and digital activities, in order to overcome the linguistic and cultural barriers of those who live in a country other than their country of origin and who come up against the difficulties of expressing themselves in Italian L2 on a daily basis.

The main research and teaching objectives are: to enhance expressive languages as an alternative to the verbal mode, through visual-narrative, multimodal and digital activities to be conducted in high school classes with a high rate of foreign pupils; to support the empowerment and agency of boys and girls who are trying to create for themselves a new space and a new identity in the host country.
