Call for n. 1 Short Research Fellowship - Ca' Foscari University of Venice– Department of Environmental Sciences, Informatics and Statistics

(L. 240 del December 30th 2010, art. 18, DL 19/2012;
Regulations about Short Research fellowships D.R. n. 1141 - 19/11/2020)

The **Department of Environmental Sciences, Informatics and Statistics** of Ca' Foscari University of Venice, having regard to the resolution of the Decision for Department n. 124/2021, date 04/02/2021, establishing the research programmes for awarding of the short fellowships in **“Integration of control non-invasive methodologies for the monitoring of dehumidification actions on walls”** – Research Lines of the VENEZIA2021Project.

The expected starting date is on March 2021.

The research fellow must carry out the following research activity:

The research is part of the task 5.3.2.4 (Set up of models, processes and intervention techniques for architectural structures and building materials). A promising non-invasive methodology to evaluate rising damp trends in buildings has been proposed, based on instrumentation initially not included in the proposal. The fellow will develop and implement the proposed methodology, based on measures by hyperspectral camera (350÷2500 nm) compared with data coming from hygrometric microwave and electromagnetic induction instrumentation. The new methodology will be tested for the monitoring of the rising damp process on samples in the lab and on the real case studies.

Deadline: 23/02/2021, 12:00 am

Rules of eligibility - Beneficiaries.

People with Master's Degree in Science for the Conservation of Cultural Heritage (class LM-11), or equivalent foreign qualification

If the candidate does not possess one of the aforementioned qualifications, they must provide evidence of experience on the subjects required by the research grant. In particular, he/she must demonstrate consolidated knowledge on the non-invasive techniques applied to the monitoring of rising damp processes.

Applicants must hold all the requisites within the call deadline. The qualifications will be evaluated by a Commission that examines the eligibility and qualifications of the candidates and makes a merit rank of them.

Short Research Fellowships to non-EU citizens.

If a non-EU citizen already living in Italy applies for a Research Fellowship, he must hold a residence permit valid up to the Deadline of the call. Otherwise, the Department undertakes to undergo the procedures for obtaining a residence permit for research activities.

How to apply

Candidates should submit:

1. The application form (http://www.unive.it/nqcontent.cfm?a_id=177416), duly dated and signed.
2. A CV in European format (<https://www.unive.it/pag/10368/>) duly dated and signed.
3. A photocopy of a valid identity document (e.g. Identity Card or Passport).
4. All documents, qualifications and publications relevant for the selection procedure.

How to submit your application

Hard copy of the application should be printed, signed and delivered to Patrizia Resente - Department of Environmental Sciences, Informatics and Statistics, via Torino 155, 30170 Mestre (VE) by hand delivery (Mon-Fri, 9:00-

Decision of the Department of Environmental Sciences, Informatics and Statistics

Rep.142/2021

Prot. 8093 04/02/2021

13:00) or by registered mail with return receipt.

Selection procedure

The selection is made by assessment of the scientific-professional qualifications of the candidates, the *curriculum vitae et studiorum*.

The short list will be published on <https://www.unive.it/data/17576/>.

Information and contacts

Candidates may find further details about the application process and the research project in the official call published on <https://www.unive.it/data/17576/>.

For further information, please contact prof. Elisabetta Zendri, phone + 39 041 234 6730, email: elizen@unive.it

Evaluation Procedure and Commission.

A **Commission** summoned by the Director of the Department, who indicates the President of the Commission and the member taking the minutes, will evaluate the applications.

Evaluation procedure. The Commission defines the general evaluation criteria. The interview and any other test must ascertain the suitability of the applicant to the research activity. The Commission compiles a ranking and specifies the winning applicant, having regard to the score appointed to experience and qualifications, interview and any other test, as specified by the call.

Awarding of the short research fellowship Having received the selection documents, and at the outcome of the checks, the Director approves, by his own decree, the classification and the selection procedure reports and makes them public according to the procedures specified in the Regulation awarding the short research fellowship art. 6 and in the website <https://www.unive.it/data/17576/>. Exclusion is justified in detail in the selection reports which can be accessed in accordance with law 241/90.

The Director of the department at which the research programme will be conducted awards the research fellowship to the winner of the selection procedure, subject to ascertainment of the prescribed requirements. The latter shall accept the award within 7 days from receipt of the communication by signing the relative contract at the competent office of the Department which will establish the terms of and procedures for the collaboration and allocation of the grant.

Grant. The fellowship is intended to provide the successful candidate with the opportunity to pursue his/her own research while benefiting from the range of expertise at Ca' Foscari University of Venice. The tutor coordinates the activities of the Research Fellow and any other research activity within the same program and provides the Fellow with all the information for carrying out the research.

The Department provides the Research Fellow with the needed back-up support such as access to facilities, equipment and administrative services.

The Research Fellowship is not, in any case, considered as an employment contract and the Fellow is not part of the University staff.

The rights for any patentable invention coming from Research Activities belong to the University or entities with which the University has signed (or will sign) specific agreements.
