**Call for n. 1 Short Research Fellowship - Ca' Foscari University of Venice– Department of Environmental Sciences, Informatics and Statistics**

(L. 240 del December 30th 2010, art. 18, DL 19/2012;

Regulations about Short Research fellowships D.R. n. 1141 - 19/11/2020)

---

The **Department of Environmental Sciences, Informatics and Statistics** of Ca' Foscari University of Venice, having regard to the resolution of the Decision for Department n. 804/2021, date 01/07/2021, establishing the research programmes for awarding of the short fellowships in **“Study of medium-long term ecotoxicological effects of particulate matter and contaminants of emerging concern in indicator organisms of the Venice Lagoon”, CORILA2021 Project, lasting 5 months.**

The expected starting date is on August 2021.

The research fellow must carry out the following research activity:

The fellow will have to deal with some aspects of ecotoxicological research at the conclusion of the two lines 2.1 (WP 2.1.3. “Study of the role of ultrafine fraction”) and 2.3 (WP 2.3.3 “Characterization and effects of contaminants of emerging concern”) which have many points in common and integration, and in particular:

Line 2.1

- 1) Evaluation of the adverse effects due to fine (<63um) and ultrafine (<4um) fractions of suspended particulates in aquatic environments, by means of toxicological tests with marine organisms (algae and invertebrates) and comparison with the results already obtained with the bacterium *Vibrio fischeri*.
- 2) Collaboration in the data processing, reporting and drafting of final documentation relating to the deliverables for line 2.1.

Line 2.3

- 3) Completing and overall evaluation of results from chronic toxicological tests with *Monocorophium insidiosum* (Crustacea, Amphipoda) applied to artificially added sediment samples with emerging contaminants of particular interest (personal care products)
- 4) Application of chronic toxicological tests with *Acartia tonsa* (Calanoida, Copepoda) on emerging contaminants.
- 5) Collaboration in the data processing, reporting and drafting of final documentation relating to the deliverables for line 2.3.

A **Commission** summoned by the Director of the Department, who indicates the President of the Commission and the member taking the minutes, will evaluate the applications.

**Evaluation procedure.** The Commission defines the general evaluation criteria. The interview and any other test must ascertain the suitability of the applicant to the research activity. The Commission compiles a ranking and specifies the winning applicant, having regard to the score appointed to experience and qualifications, interview and any other test, as specified by the call.

**Awarding of the short research fellowship** Having received the selection documents, and at the outcome of the checks, the Director approves, by his own decree, the classification and the selection procedure reports and makes them public according to the procedures specified in the Regulation awarding the short research fellowship art. 6 and in the website <https://www.unive.it/data/17576/>. Exclusion is justified in detail in the selection reports which can be accessed in accordance with law 241/90.

The Director of the department at which the research programme will be conducted awards the research fellowship to the winner of the selection procedure, subject to ascertainment of the prescribed requirements. The latter shall accept the award within 7 days from receipt of the communication by signing the relative contract at the competent office of the Department which will establish the terms of and procedures for the collaboration and allocation of the grant.

**Grant.** The fellowship is intended to provide the successful candidate with the opportunity to pursue his/her own research while benefiting from the range of expertise at Ca' Foscari University of Venice. The tutor coordinates the activities of the Research Fellow and any other research activity within the same program and provides the Fellow with all the information for carrying out the research.

The Department provides the Research Fellow with the needed back-up support such as access to facilities, equipment and administrative services.

The Research Fellowship is not, in any case, considered as an employment contract and the Fellow is not part of the University staff.

The rights for any patentable invention coming from Research Activities belong to the University or entities with which the University has signed (or will sign) specific agreements.
