### ***Decision of the Department of Molecular Sciences and Nanosystems 2024***

### **Call for n. 1 (one) Short Research Fellowship - Ca' Foscari University of Venice– Department Of Molecular Sciences and Nanosystems, titled “Development of computational techniques for the de novo design of proteins and peptides”.**

(L. 240 del December 30th 2010, art. 18, DL 19/2012; Regulations about Short Research fellowships issued under D.R. 300/2014 of 14/04/2014 and subsequent amendments and additions)

The present document in English is to be considered as a mere translation of the provisions of the call which is available in Italian at the following [link](#). The text in Italian is the official text of the notice of competition for all legal intents and purposes and, in the event of non-conformity with the present document, it shall prevail.

---

The Department of Molecular Sciences and Nanosystems of Ca' Foscari University of Venice, having regard to the resolution Department Decree Rep. N. 746/2024 prot. 197164 of 28/08/2024 establishing the research programmes for awarding of the short fellowships titled “Development of computational techniques for the de novo design of proteins and peptides”, lasting 2 (two) months, with reference to the fund “SMN.MRG2023daRIC-aRICbase.ANGELINI”, with the possibility of renewal within the limits of art. 4 of the Regulations for awarding of university short research fellowships.

The research fellowship is awarded for the purpose of collaboration with the following research programme of the Department of Molecular Sciences and Nanosystems.

**Abstract:** The goal of this scholarship is to implement computational techniques to generate cyclic peptides capable of binding with high affinity and selectivity to the surface of predefined proteins, using both atomistic simulations and methods based on machine learning.

**The research fellowship amounts to Euro 3.200,00** for 2 (two) months.

**Lasting:** two (2) months, the expected starting date is October 2024.

**Deadline:** 19th September 2024 at 12:00 Rome CET.

In case the deadline is on Saturdays, Sundays or on holidays it is extended to the first working day thereafter.

### **Rules of eligibility – Beneficiaries**

Citizens belonging to European Union member states and non-community citizens in possession of the following qualifications may take part in the selection:

- People with **master's degree in Physics**, (or equivalent) and an adequate scientific and professional cv are eligible.

Università  
Ca' Foscari  
Venezia

Dipartimento di Scienze Molecolari e Nanosistemi  
Università Ca' Foscari Venezia  
Campus Scientifico – Via Torino 155, 30170 Mestre (VE)  
P.IVA 00816350276 - CF 80007720271  
www.unive.it/dsmn

Applicants must hold all the requisites within the call deadline. The qualifications will be evaluated by a Commission that examines the eligibility and qualifications of the candidates and makes a merit rank of them.

### **Skills required:**

- Familiarity with the main numerical computational techniques such as Monte Carlo and Molecular Dynamics, and a good knowledge of the principles of Statistical Mechanics.

**Any other evaluable qualifications:** Scientific publications on the relevant subject.

### **Incompatibility**

The short-term research fellowship may not overlap with:

- other scholarships granted in any capacity, apart from those granted by national or foreign research institutes in order to integrate with periods abroad the specific activity foreseen by the work plan of the appointed fellow;
- attendance of PhD courses with scholarship and medical specialization, in Italy and abroad;
- research grants “assegni di ricerca”

Fellowship holders may carry out self-employed work or occasional or permanent collaborations, as long as this is coherent with the ongoing research, upon approval and on the condition that:

- does not involve a conflict of interest with the specific research activity carried out;
- does not prejudice the university, in relation to the activities carried out.

Subordinate employment contracts holders, in addition to obtaining permission by the university, must provide the authorization of their employer.

In the specific case that the subordinate employment contract started prior to the awarding of the fellowship, compatibility with the existing employment will have to be assessed; if the assessment yields a negative result, the short research fellowship will not be awarded; in the case of a positive result, the successful candidate will have to provide the authorization of his/her employer within 15 days.

In the event that the subordinate employment contract will start once the fellowship is ongoing, the successful applicant is required to notify this change at least 15 days before the start of the employment contract for an assessment of compatibility; if the assessment is negative, the fellowship will cease by the start of the employment contract; in the event of a positive outcome, the successful applicant must provide the authorization of his/her employer within 15 days.

The awarding of the short-term research fellowship does not imply the establishment of any employment contract, nor does it give rise to any rights of access to positions of employment at the university

### **How to apply**

Candidates should submit:

1. The application form, submitted exclusively online;
2. Applicants must declare in the application, under their own responsibility:
  - educational qualification held;
  - the possession of a residence permit valid at the deadline of the call for applications, in case he/she is a non-European citizen residing in Italy;
  - that they understand that the short-term research fellowship is not compatible with the positions referred to in Art. 12 of the present Regulations and current legislation;

[www.unive.it/dsmn](http://www.unive.it/dsmn)

- to be medically fit to discharge his/her duties for the fellowship;
  - not to have received measures restricting personal freedom at the time of submitting the application;
  - not to have a degree of kinship or affinity, up to and including the fourth degree, with any professor belonging to the department or facility issuing the call or with the Rector, the General Manager or a member of the University Board of Directors and that they are aware of the provisions of the Law no 240/2010, Art. 18, para. 1, letter b);
  - any benefit under L. 104/92.
3. A CV in European format (<https://www.unive.it/pag/28830/>), duly dated and signed.
  4. A copy of a valid identity document (e.g. Identity Card or Passport).
  5. All documents, qualifications and publications relevant for the selection procedure.

### How to submit your application

Applications, together with all the required documentation, have to be submitted exclusively online at the following webpage:

<https://apps.unive.it/domandeconcorso-en/accesso/dsmn-borsagiacometti-mrgang>

**not later than noon time (12:00 Rome CET) of 19<sup>th</sup> September 2024.**

The candidate, after the uploading, will receive a submission number and an e-mail acknowledging receipt of their application. The candidate if necessary could access the procedures for updating any data and materials through the link and submission number provided in the e-mail until the call deadline expires.

Please note that the University can be contacted for any support needs by the candidate until 24 hours prior to the deadline. For further information please contact the Research Office of the Department of Molecular Sciences and Nanosystems, phone number 041 2348514, e-mail address: [ricerca.dsmn@unive.it](mailto:ricerca.dsmn@unive.it).

Please note that in case of a high number of applications and / or weight of the materials loaded by the candidates the system might become slower. Therefore, it is suggested not to start the process close to the deadline.

Incomplete applications, those without the required data and the compulsory attachments will not be taken into consideration. Furthermore, the applications which, for any reason, reach this University beyond the deadline indicated above cannot be accepted.

The declarations made in the application shall be considered issued in accordance with the DPR no. 445/2000 and subsequent amendments, by candidates entitled to use the simplified administrative certifications permitted by the above decree.

### Selection and Evaluation Procedure

The selection is made by assessment of the scientific-professional qualifications of the candidates, by a Selection Committee appointed by order of the Director of the research department taking into account, whereas possible, gender balance.

The Commission compiles a ranking and specifies the winning applicant, having regard to the score appointed to experience and qualifications, as specified by the call. In the event of two or more

Università  
Ca' Foscari  
Venezia

Dipartimento di Scienze Molecolari e Nanosistemi  
Università Ca' Foscari Venezia  
Campus Scientifico – Via Torino 155, 30170 Mestre (VE)

www.unive.it/dsmn

candidates obtaining the same score at the end of the selection, the younger candidate will be preferred.

### **Awarding of the short research fellowship**

Having received the selection documents, and at the outcome of the checks, the Director approves, by his own decree, the classification and the selection procedure reports and makes them public.

Notification, including the start date of the short-term research fellowship, shall be sent to the winning candidate.

The winner must accept the short-term research fellowship within seven days of receipt of the written notification referred to above, under penalty of revocation. In the event of withdrawal, the short-term research fellowship shall be awarded to the next available candidate, following the order of the final ranking of merit.

Publication of the results of all the selection phases shall be published in the online University notice board, on the specific Department web page ([link](#)) and on the University website ([link](#)).

Access to the selection documents is guaranteed pursuant to the law of August 7th 1990, no. 241 and subsequent amendments and additions and relative internal implementation regulation.

### **Processing of personal data**

Personal data provided by the candidates in their applications for participation in the selection procedures, are processed pursuant to the legislative decree of June 30th 2003, no. 196 and subsequent amendments and additions and to EU Regulations 2016/679. Comprehensive information on personal data processing can be found [here](#).

### **Person in charge of the procedure**

Pursuant to the provisions of art. 5 of the law of August 7th 1990, no. 241 and subsequent amendments and additions, the person in charge of the administrative procedure for this selection is Mrs. Sonia Barizza, in charge of the Department of Molecular Sciences and Nanosystems.

### **Final provisions**

For anything not specified in this call, see the University current regulations regarding the awarding for research fellowships and the current legislation.

Venice,

The Head of Department of Molecular  
Sciences and Nanosystems  
Prof. Maurizio Selva

Responsible for administrative procedure  
The Secretary of Department  
Mrs. Sonia Barizza
