College membership and accommodation	<p>All Erasmus students are matriculated as member of a College. Colleges are much more than halls of residence; accepted students will be living, eating, studying and socialising in a College. The College also provides pastoral, non-academic support. For information on the Colleges, please see <a href="https://www.undergraduate.study.cam.ac.uk/colleges">https://www.undergraduate.study.cam.ac.uk/colleges</a></p> <p>The process of securing College membership can be lengthy and admission cannot be confirmed until a student has been allocated a College place. All decisions will usually be made by 31 August (for Michaelmas term). Please note that it is not possible for students to choose their College and due to extremely limited places it is unlikely that they will be offered a second choice.</p>

	<p>If it is not possible to find College accommodation, or a student prefers to find their own place to live, the University's Accommodation Service can be used. <a href="http://www.accommodation.cam.ac.uk/">http://www.accommodation.cam.ac.uk/</a></p>
<p>Estimated costs of living (housing, food, transportation, etc.)</p>	<p>Cambridge is an expensive place to live and students should expect living costs for the academic year to be around <b>£9,670 as a minimum</b> based on an 8 month stay.</p> <p>Students should have sufficient finances for the duration of their stay at Cambridge. Please note that students may be asked for financial guarantees to cover accommodation costs. It is not possible for students to undertake paid work during their study or to claim College/University financial aid.</p> <p>Erasmus grants are to be paid by the home university, not the host university.</p>
