Online Application procedure	<a href="https://tiss.tuwien.ac.at/mobility/incomingApplication.xhtml?locale=en">https://tiss.tuwien.ac.at/mobility/incomingApplication.xhtml?locale=en</a>

ECTS credits / workload	<p>ECTS credits are awarded based on the amount of effort required to complete each course. The official workload of a semester is comprised of 30 ECTS credits.</p> <p>Note: Please keep in mind that the average time taken by local students to complete their studies at TU Wien is <u>more</u> than the official length of studies (for Bachelor, 6 semesters and Master, 4 semesters). This means that the average workload is <u>less</u> than 30 ECTS credits.</p> <p>A workload of 30 credits per semester or 60 credits per year should therefore be considered as more than an average Austrian student would perform during a year.</p>
