Entry requirements

Entry requirements

You should normally have completed, or expect to complete, two years of study at university level prior to entry to UCL.

The typical minimum entry requirement is a cumulative GPA of 3.3 / 4.0 (or equivalent), but some subject areas require at least a 3.7 and may have additional prerequisites. Admissions Tutors need to be confident that you have enough knowledge to take classes alongside regular degree students at UCL.

If you have any queries about academic entry requirements please get in touch with the relevant subject contact (listed in this guide), or contact UCL Admissions via email to affiliatestudents@ucl.ac.uk.
