Accommodation

Availability of University Accommodation

We are able to guarantee University accommodation (subject to yearly review) to International Exchange/Study Abroad students. European exchange students are not guaranteed accommodation however they are invited to apply for accommodation once they have received and accepted their offer to study at our University.

Please see our accommodation website for details on how to apply:
www.soton.ac.uk/accommodation

Contact email: accommodation@soton.ac.uk

Deadlines for applying to University accommodation is as follows:

Semester 1 entry: 1st August
Semester 2 entry: 1st December

If students wish to live off campus or are unsuccessful in applying for University accommodation, there is plenty of provision within Southampton for students to find shared accommodation in private rented housing with other UK and international students.

It is imperative that all students have booked temporary accommodation before their arrival in the UK for at least 7 days prior to the start of the semester to allow enough time to secure more permanent accommodation. Please also note that the [Southampton Boat Show](#) usually takes places around the start of semester 1 in September and Southampton's hotels and guest houses are extremely busy during this period.
