German language i	German language requirements / Langua	age courses
German language requirements	Direct exchange students are exempt from a German language exam (DSH or TestDaF), which is otherwise required for international degree-seeking students studying at a German university. However, we expect language skills equivalent to level B 2 of CEFR (Common European Framework of Reference for Languages) in the humanities and the social science departments and B 1 at the John F Kennedy Institute for North American Studies and natural sciences. A language certificate is not necessary, because we expect that our partner universities guarantee the required language skills	

German language requirements / Language courses Language of Almost all subjects are taught in German. Please note that subjects taught in English outside the Departinstruction ments of English and North American Studies are very limited in number. Availability may vary and cannot be guaranteed. An overview of subjects taught in English is available at https://www.fu-berlin.de/w/en/fb? Please use the "advanced search option" to find courses in English. Preparatory German A six-week intensive preparatory German language course (20 x 45 min of instruction per week) will be language courses offered prior to the beginning of the summer resp. winter term. Basic knowledge of German is required. The course fee will be approx. 600 €. Places are limited, interested students should apply as soon as possible! http://www.sprachenzentrum.fuberlin.de/en/sprachangebot/sprachen/deutsch/vorkurs_deutsch/index.html German language courses, which are offered during the semester, are free of charge. Again, basic German Language courses during the semester language proficiency (level A2) is required. If students wish to participate in a German language course, they have to take a placement test, which will be offered during the orientation period shortly before the semester starts. Without this test, exchange students are not eligible to take language classes. Further information is available at http://www.sprachenzentrum.fu-berlin.de/en/sprachangebot/sprachen/deutsch/index.html Courses in other The Language Centre (ZE Sprachenzentrum) offers a limited number of language courses. Please note that students need to take a placement test first and that the number of places is limited. languages Further details are available at: http://www.sprachenzentrum.fu-berlin.de/sprachtests/abv_einstufungstests/index.html Visa requirements Students who are citizens of EU or EEA countries, Australia, Brazil, Canada, Israel, Japan, New Zealand, South Korea, Switzerland or the USA do not need a visa in order to enter Germany. Upon arrival in Berlin, citizens from these countries (except EU) must apply for a residence permit (see under "Arrival in Berlin"). Students who are NOT citizens of the countries listed above must apply for a student visa (Visum zu Studienzwecken) at the local German Embassy or a German General Consulate BEFORE they come to Germany. We therefore urge those students to apply for a study visa as soon as possible. It will take at least six weeks, sometimes a few months, to process the visa application. The necessary documents concerning the admission to our university (and, if applicable, the scholarship offer) will be sent to the student as soon as possible. More information is available at: http://www.fu-berlin.de/en/studium/international/studium_fu/einreise_aufenthalt/visum/index.html Health insurance Waiver Exchange students must have comprehensive health insurance valid in Germany for enrolment as a fulltime student at FU Berlin AND for obtaining a residence permit. Students who EITHER have the European Health Insurance Card (EU and EEA students only) OR who can provide proof of an adequate comprehensive health insurance valid in Germany may request an insurance waiver. A waiver can only be obtained at a German state-regulated health insurance company, not at our university. Since many insurance policies purchased outside Germany require substantial co-payments, have caps or exclude many illnesses it has been increasingly difficult for exchange student to obtain a waiver. We therefore urge all students younger than 30 years to purchase a German student health insurance for about 92 € per months. The German student health insurance policies are very comprehensive and are accepted automatically by the office granting residence permits. More information is available at http://www.fuberlin.de/en/studium/international/studium_fu/einreise_aufenthalt/krankenversicherung/index.html Mandatory fees Exchange students are exempt from university fees, but they still need to pay the so-called social fees of Social fees / public approx. 270 € per semester. These are non-university related fees and pay for the student union as well as transportation for a public transportation ticket for the whole area of Berlin for the entire semester. Students will be asked to pay the fees after arrival in Berlin as part of the enrolment process
