Studying at the University of Franche-Comté

Opened in 1423, the university is now a multidisciplinary higher education institution. It is renowned for the quality of its teaching, its Center for Applied Linguistics (CLA), its Olympic Research and Studies Center (CEROU) and its innovative programs in partnerships with leading industries, among others.

UFC has 6 faculties and 5 schools and institutes in [5 campuses](#) (the largest being Besançon, followed by Belfort and Montbéliard campuses, Lons-le-Saunier and Vesoul).

UFC enhances students' success and well-being thanks to specific services, numerous cultural, sports and leisure activities as well as many dynamic student associations. For the quality of the welcome offered to international students, UFC was awarded the "Welcome to France" label.

Exploring the city and the region

Besançon is a vibrant city of 120,000 inhabitants. It has been awarded the Biodiversity City label in 2018 recognising its quality of life and its closeness to nature.

It is ideally located for students wishing to discover Europe as it is close to Germany, Switzerland and Italy. Many leading industries are located in the *Franche-Comté* region such as Peugeot, Alstom, General Electric and watch-making which contribute to its dynamism.

Its region, birthplace of Victor Hugo, Gustave Courbet and Louis Pasteur, is known for its nature and landscapes but also for its architecture, its gastronomy, its traditions... and many more to discover!

Learning French

UFC hosts the [Center for Applied Linguistics](#) world-renowned Centre of expertise in the fields of language teaching, curriculum design and research, especially for French as a Foreign Language (FLE). Whether you are a student, a French teacher or willing to learn French, different programs are available from 1-week trainings to an entire academic year. CLA offers cultural activities, personalized and comprehensive support as well as internships in elementary and secondary schools in the district.
