# Academic Programme

## Undergraduate students

As of September 2022, three new certificates on all seven campuses of the Undergraduate College are available. "Economy & Society", "Political Humanities", "Politics & Government".

These certificates give students an opportunity to deepen their knowledge of the humanities and social sciences within a core, multidisciplinary curriculum.

They also enable students to study a foreign language. In addition to each certificate, students select a regional specialisation. They may study intra-European relations or Europe's relations with:

- Africa
- The Asia Pacific region
- Latin America and the Caribbean
- The Middle East and the Mediterranean
- North America
- Central and Eastern Europe
- Western Europe and Franco-German relations

> To be awarded, the certificates in "Economy & Societies", "Political Humanities", "Politics & Government", require exchange students to validate a minimum of 40 ECTS credits in an academic year and 20 ECTS credits in a semester (with a maximum of 60 ECTS credits in a year and/or 30 ECTS credits in a semester). They must take one core course and one elective course from a selection provided.

## Graduate students

Exchange students in our graduate programmes must be attached to a specific Masters programme and are restricted to classes in that programme only. Not all graduate courses are open to exchange students, and some may impose academic or linguistic prerequisites.
