### 1. Online registration for the exchange program via Mobility-Online

Deadlines: May 1, 2022 (winter semester 2022/23)  
November 1, 2022 (summer semester 2023)

Before you apply, please make sure that you **have been nominated** by your home university for the exchange program at the University of Stuttgart! After your nomination, you will receive the Mobility-Online link.

#### Required documents

Follow the instructions given in the portal **and upload:**

- Passport-sized picture
- Current **transcript of records** from your home university (either in English or in German\*\*)
- **Confirmation of academic supervision** from your academic supervisor in Stuttgart (if you are writing a thesis)
- (obligatory) registration for the **intensive German course (IGC)**; see details below
- **Proof of language skills** depending on the language of instruction of the courses. Please note that your language skills have to be clearly indicated (A1 to C2).

For courses taught in **English\***

Your English + German proficiency by the registration deadline	Participation in the intensive German course (course fee € 250)

<b>B 2 ENG+ none GER</b>	mandatory

\* English-taught Bachelor courses are rare. Courses in international MSc programs (taught in English) can only be taken on request.

Prerequisite: You are in your 3<sup>rd</sup> or 4<sup>th</sup> year of study. Please contact your academic Erasmus+ advisor for further information.

\*\* Required are the original and an official translation into German or English from a sworn translator or a verified translation of your home university (confirmed by stamp and/or signature).

After you have uploaded your complete documents, the International Office will check them, as well as your academic Erasmus+ advisor who will sign last the learning agreement on Mobility-Online.

The **digital learning agreement (DLA)** is your study plan for your stay in Stuttgart: Which courses do you want to attend and how many ECTS you will receive for them. Information on which courses to choose from, you can find below in the chapter about 'Course information'. You need to submit the digital learning agreement **before** the start of your mobility. **If you have any questions on how to create a digital learning agreement, please contact your home university.**

Strictly taken, the DLA is not a document as it can be solely created in the database used by your home university. The DLA needs to be digitally signed by you and your home university and afterwards, it needs to be digitally transferred by your home university's system to ours. Please note: A pdf document sent via e-mail is **not** considered a digital learning agreement! As of the summer semester 2023, **the University of Stuttgart only accepts digital learning agreements.**

A quick hint in between: What is the difference between Mobility-Online and C@MPUS?

**Mobility-Online** is the database where you need to register for your exchange semester at the University of Stuttgart, e.g. you need to upload the proof of language skills, you can register for the intensive German course and you can provide us with your arrival and departure date.

**C@MPUS** is the official campus management portal of the University of Stuttgart. From applying for admission through the enrollment process to the exam registration, C@MPUS is the first place to go for all administrative matters.

## 2. Online application for admission to the university via C@MPUS

Deadlines: June 1, 2022 (winter semester 2022/23)  
December 1, 2022 (summer semester 2023)

## Further important information

**Visa regulations** **Students from the UK, Australia, Brazil, Canada, Japan, South Korea and the US** can enter Germany without a visa. They have to apply for a residence permit after their arrival in Stuttgart. **Students from non-EU countries** other than those mentioned above, have to apply for a student visa at the German consulate of their home country at least four to five months before their arrival in Stuttgart. We need to find out which option applies to you and provide you with the relevant information. Thus, please send an e-mail to [incoming@ia.uni-stuttgart.de](mailto:incoming@ia.uni-stuttgart.de).

Incoming students who would like to write a **Bachelor's or Master's thesis** at our university are highly recommended to apply for a 1-year exchange (2 semesters):

- **1st semester:** The incoming student will take courses and look independently for a thesis topic and an academic supervisor during the exchange semester.
- **2nd semester:** The incoming student may write the thesis if s/he has found a thesis topic and an academic supervisor. If not s/he will be able to take courses at our university instead or write the thesis at e.g. the home institution.

You will have to find an academic supervisor for your thesis yourself. The International Office and the academic Erasmus+ advisor are not able to assist in finding a suitable thesis topic and supervisor. You can only be enrolled as a student at the University of Stuttgart after we have received a confirmation from your thesis supervisor in Stuttgart.
