2. Photocopy of (temporary) bachelor transcripts (translated into English).

Visa

If a student is a non-EU student, they will need a visa and/or residence permit for the study abroad in the Netherlands. Once accepted in the Mobility Online system, the Immigration Service Desk (ISD) will start the procedure for the visa application and the student can book housing. The Exchange Office is not involved in the visa application process.

In order to obtain a visa/residence permit, the Immigration and Naturalization Service will check whether students have sufficient financial resources to support themselves during their stay in the Netherlands. To give an estimation: the Immigration and Naturalization Service considers about € 1250 per month (2024) sufficient. Students need to pay the entire amount for their exchange period in advance to get the visa/residence permit. Click [here](#) for more information.

If there are any questions regarding the visa application, please contact the Immigration Service Desk: isd@rug.nl.

Housing

The University of Groningen is not a campus university and therefore does not offer campus accommodation. However, through third parties there are (student) houses and apartments available. We advise students to book accommodation with an organization that is specialized in (international) student housing: SSH. More information about this organization can be found [here](#).

Semester	Deadline for SSH booking
Fall	June 1 st , 2025
Spring	November 1 st , 2025

Please note there are serious housing problems in Groningen. If a student is unable to find accommodation before the start of their exchange, we strongly advise to cancel the exchange.

Course registration

Students will need to register online for courses until one week before courses start. The procedure is explained [here](#) on our website.

Please note that our course offer and schedules for next academic year 2025-2026 will be available around mid/end June. Before that time, students cannot arrange their learning agreements.

Digital office

We aim to work efficiently and in an environmentally friendly way. In order to do so we keep digital files and also send out documents by email. Consequently, we would like to receive the documents you send out for our students by email, too. It also means that we will upload our invitation letters in our Mobility Online system and send the transcripts as PDF files by email. Some partners request the 'original transcripts', which usually means a request for a 'paper copy'. Please note that the hardcopy document we send you would be no different from the PDF document. Thus, where possible, please use the PDF document for your official records and help us meet our goal of working in a more environmentally friendly manner.

Google Drive

We created a Google Drive with all sorts of important information when going abroad to the Netherlands. We invite you all, but especially students, to take a look at this Google Drive. You can find this Drive [here](#).
