VISA REQUIREMENTS

Students of an EEA country or Switzerland staying for longer than three months will have to register at the Registry of European Union Citizens once in Spain (Registro de Ciudadanos de la Unión Europea).

Non-EEA students (except for Switzerland) planning to stay longer than 90 days must obtain a student visa at the nearest Spanish embassy or consulate before departure. Students will require the acceptance letter.

MANDATORY TRAVEL INSURANCE

EEA and Swiss students should obtain a European Health Insurance Card (EHIC) from their national health authorities. The EHIC provides EEA citizens with access to necessary state-provided healthcare in Spain.

Students also have to obtain an all-risk coverage insurance during their stay in Spain that covers travel, medical and liability to complement the EHIC.

It is highly recommended that students explore additional insurance packages available at a special rate through Oncampus insurance, covering the insurance required up to a set limit.

PLEASE *bear in mind* the FOLLOWING POINTS:

- A tourist visa does not grant permission to stay in Spain for study purposes.
- For stays longer than six months, students must obtain a visa with a residence permit (Autorización de estancia por estudios).
- A 180-day student visa allows only a single entry to the Schengen Area and does not permit to extend the stay nor leave and re-enter the country.
