- B. In addition to the above requirements, it is strongly recommended that all students have an insurance policy covering at least the following requirements:
 - 1. Personal Accident (including repatriation)
 - 2. Death (including repatriation) In case of a special health problem or if you are an Erasmus Traineeship Student or if you don't have the EHIC card with you during your trip, it is mandatory to have a private insurance for the Erasmus period (both for health insurance and civil liability).

Non-EU Citizens

Non-EU Citizens are strongly recommended to have health insurance coverage for the previewed Erasmus+ study period before leaving their home country [including personal accident, death (including repatriation), Civil liability].

The students will present the insurance upon arrival at the Host Institution's Secretariat. The document must be translated in English in order to be accepted.

ATTENTION! All Erasmus students that intent to stay for a year (two semesters) must take into consideration that, if their EHIC Card is not valid for the whole semesters' period, the police officer will not be able to renew their Residence Permit.
