Dr. Sudipta Raha Roy earned his PhD from NIPER-Mohali under the supervision of Prof. Asit K. Chakraborti. Dr. Raha Roy joined the group of Prof. Ilan Marek at Technion, Israel as a PBC postdoctoral fellow. He further continued his postdoctoral studies with Prof. Paolo Melchiorre at ICIQ, Spain as a Marie Curie postdoctoral fellow. In November 2018, Dr. Raha Roy joined the Indian Institute of Technology Delhi as an Assistant Professor in the Department of Chemistry and subsequently promoted to Associate Professor in March 2023. His current research interests concern the discovery and development of sustainable catalysis for small molecule activation.

**Honours and Accolades:**

- Received Lecture Award in "OCS-ECR 2024" Sponsored by Wiley
- Awarded Marie Curie Individual Fellowship in 2018
- Awarded Fulbright Nehru Postdoctoral Research Fellowship in 2014 (Declined)
- Awarded PBC Fellowship in 2014 for pursuing postdoctoral study in Israel
- Recipient of Research Associate Grant 2013 from CSIR, Govt. of India.
- Selected for the 1st Prize of "2012 Eli Lilly and Company Asia Outstanding Thesis Awards".
