ENGINEERING PHYSICS COLLOQUIA

Engineering Physics End-of-Year Workshop 2026

17 December 2026, 9.30-12.30

Auditorium Danilo Mainardi - Alfa building

Showcasing internal and external Engineering Physics activities, with a focus on new opportunities for students in research, innovation, and international mobility.

9.30–09.35 **Opening remarks**

Stefano Bonetti

Ca' Foscari University of Venice, Italy

9.35–10.05 **Research and opportunities at
Synchrotron SOLEIL**

Nicolas Jaouen

Synchrotron SOLEIL, Saint-Aubin, France

10.05–10.35 **AMO and the Aachen research
ecosystem: research and opportunities for
students**

Zhenxing Wang

AMO GmbH and RWTH Aachen, Aachen, Germany

10.35–10.50 Short break

10.50–11.20 **Research and opportunities at imec**
Francesca Leonardi

OnePlanet Research Center, imec, Wageningen, the
Netherlands

11.20–11.50 **The Christian Doppler Foundation: link
with Venice and initiatives**

Maurizio Musso

Paris Lodron University of Salzburg, Austria, and
President of the Christian Doppler Foundation

11.50–12.05 **Engineering Physics at Ca' Foscari:
initiatives, achievements and future perspectives**

Domenico De Fazio

Ca' Foscari University of Venice, Italy

12.05–12.15 **Annual Engineering Physics Student
Awards**

Recognition of the best Bachelor's and Master's
students of 2026

12.15 onwards **Season's Greetings**
