November 10th, 2026
10.30am - 12.00pm
Aula 3, Palazzo San Paolo, Campus Treviso

Moderator: Francesca Coccetta

The event will be held in English

The seminar explores the role of terminology in specialized (and non-specialized) communication and illustrates the factors influencing its use in authentic texts from different domains, such as law and astrophysics; it demonstrates that terms are not isolated elements, but rather dynamic tools for constructing, transmitting, and negotiating knowledge.
