

PhD Programme in
Science and Management
of Climate Change

July, 11th 2016

Room 409 "Mulino" – Building E Campus Economico San Giobbe, Venice

Summer presentations_30th cycle			
	PhD Student	Supervisor	Co-supervisor
13.30	Jagu Dattakiran	Arturo Lorenzoni	Carlo Barbante
	<i>Enhancing customer participation in smart grids through behavioral science and economics</i>		
13.50	Karroca Ornela	Andrea Gambaro	
	<i>Study of markers in polar ice core</i>		
14.10	Marson Paola	Silvio Gualdi	
	<i>Stochastic methods for precipitation simulation over complex terrain</i>		
14.30	Rova Silvia	Fabio Pranovi	
	<i>From the Water Framework Directive to ecosystem-based management implementation: what is the role of ecosystem services?</i>		
14.50	Lansetti Sandi	Stefano Soriani	
	<i>Climate change implications for Arctic development and governance</i>		
15.10	Davide Marinella	Carlo Carraro	
	<i>The climate change – poverty nexus: review of key interactions</i>		
15.30	Calliari Elisa	Jaroslav Mysiak	Carlo Carraro, Sergio Castellari
webex	<i>Loss & Damage: a Critical Discourse Analysis of Parties' positions in Climate Change Negotiations</i>		
15.50	Sperotto Anna	Andrea Critto	Silvia Torresan
webex	<i>Multi-risk assessment for the integrated management of natural hazards and climate change impacts</i>		
16.10	Montoli Enea	Florence Colleoni	Simona Masina
webex	<i>Interactions between ice shelves and ocean in Antarctica: grounding line dynamics and ocean properties</i>
