

We are pleased to invite you to participate to

XXIII National Catalysis Congress GIC 2023

“Catalysis as a golden lighthouse for green chemistry and energy related technologies”

June 14th-16th 2023

Arrivando a Genova vedrai una città imperiosa, coronata da aspre montagne, superba per uomini e per mura signora del mare.
Francesco Petrarca

Venue:

The conference will be held at the Chiesa di San Salvatore in the center of “vicoli di Genova” .

Abstract deadline:

February 15th 2023

Following pages will be available soon!!!
