

CREATIVE DIGITAL EDUCATION IN THE POST-COVID ERA

Hi-TEACH project Final Multiplier Event

19 May 2023 – 14:30-18:30

Auditorium Mainardi (Alfa Building), Ca' Foscari University, Via Torino 155, 30170 Mestre

Please [register](#) here

The Covid pandemic represented both a disruptive emergency and a window of opportunity for educational institutions. What is the legacy of that forced digital transformation? Can teaching creatively evolve in a digital environment? The Erasmus+ Hi-Teach project addressed these issues with models and tools for the professional development of teachers. The workshop shares the project's results and discusses the possibilities of digital education in the post-covid era for universities and vocational education and training organizations.

14:30 Welcome Address, Anna Comacchio – Director of the Department of Management, Ca' Foscari University

14:45 Panel Discussion

Fabrizio Panozzo – Hi-TEACH Scientific Coordinator, Ca' Foscari University
