First workshop of the PRIN project "ACHIEVE"
**L2 learner corpora
and the acquisition
of Chinese resultative
verb complexes**

8 - 9 June 2023

Sala A, Palazzo Vendramin dei Carmini,
Venice

8 June

9.30-11.00

Marcus Callies (University of Bremen), *Challenges in the compilation, analysis and annotation of learner corpora*

Coffee break

11.30-12.00

Marco Casentini (Ca' Foscari University of Venice), **Carmen Lepadat** (Roma Tre University), and **Chiara Romagnoli** (Roma Tre University), *Proficiency test design*

12.00-12.30

Marco Casentini and **Bianca Basciano** (Ca' Foscari University of Venice), *Chinese resultative verb compounds (RVCs): classification, properties, and acquisitional issues*

12.30-13.00

Anna Morbiato (Ca' Foscari University of Venice), *Resultative compounds: information structure and argument realization patterns*

Lunch break

14.30-15.00

Carmen Lepadat and **Chiara Romagnoli** (Roma Tre University), *Chinese directional verbal complexes (DVCs): classification and acquisition*

15.00-15.30

Alessia Iurato (Ca' Foscari University of Venice & University of Bremen) and **Marco Casentini** (Ca' Foscari University of Venice), *Eliciting the production of RVCs: corpus and experimental task design*

15.30-16.00

Carmen Lepadat and **Chiara Romagnoli** (Roma Tre University), *Eliciting the usage of DVCs: task design*

Coffee break

16.30-19.00

Discussion and project meeting

9 June

10.00-11.30

Marcus Callies (University of Bremen), *Corpus comparability in Learner Corpus Research - Some critical issues and recommendations on the way forward**

Coffee break

12.00-13.00

Project meeting

*This lecture includes a practical, hands-on part for which a laptop is required. Please send an email to bianca.basciano@unive.it for details.
