Computational Linguistics and the Languages of India.

The parallel treebank of speeches
by **Narendra Modi**, Prime Minister of India

A series of three seminar-style lectures will provide basic knowledge for creating a parallel treebank of speeches by the Prime Minister of India Narendra Modi. The languages under examination will be: **Hindi**, **Marathi**, **Telugu**, and **English**.

The lectures are **open to everyone** interested in participating in the project and are therefore aimed at speakers and scholars of the languages in question.

No previous knowledge of syntactic annotation is required.

The schedule is as follows:

Monday, February 19
at 6.00 PM CET

Monday, February 26
at 6.00 PM CET

Monday, March 4
at 6.00 PM CET

Professor **Andrea Drocco**
Ca' Foscari University of Venice

Dr. **Erica Biagetti**
University of Pavia

Dr. **Luca Brigada Villa**
University of Pavia /University
of Bergamo

Dr. **Lucrezia Carnesale**
University of Pavia
