Bronze Age Cultures of Georgia (Southern Caucasus) - Recent discoveries

Marcorà Malcanton, Aula Milone

Martedì 12 Marzo
ore 14.30-18.30

A general overview of the ancient cultures Georgia and Caucasia from the Stone Age to the Middle Ages will be followed by the presentation of the most important discoveries of the last 10 year concerning the Bronze Age (4th-2nd millennia BC), which are for the most part still unknown to the international public.

Martedì 19 Marzo
ore 14.30-18.30

The seminar will present important recent discoveries on the transition period from the Bronze to the Iron Age. It will conclude with an overview of Continuity and Change in Georgia in the 1st millennium BC.
